# **Tables pour la fixation des allocations journalières APG et CCM**

Gültig ab 1. Januar 2009  
Valables dès 1<sup>er</sup> janvier 2009

Als Normaldienst gelten

- in der Armee sämtliche Dienstleistungen, die nicht als Beförderungsdienst oder Durchdienerdienst für Kader nach Abschluss der Grundausbildung gelten,
- Zivilschutzdienst,
- Leiterkurse Jugend und Sport,
- Jungschützenleiterkurs,
- Zivildienst.

Als Beförderungsdienst gelten Dienstleistungen, die zur Erlangung eines höheren Grades oder Funktion dienen.

Als Durchdienerdienst gelten Dienstleistungen von Personen, die ihre gesamte Dienstpflicht am Stück leisten wollen. Für Durchdiener-Kader nach Abschluss der Grundausbildung gelten die Ansätze gemäss Tabelle «Durchdiener-Kader».

Für Dienstleistende während der Rekrutenschule und gleichgestellten Dienstzeiten ohne Kinder beträgt die Entschädigung Fr. 62.– im Tag.

Als Mutterschaft gilt die Phase des 14-wöchigen Mutterschaftsurlaubes, während welchem Anspruch auf Entschädigung besteht.

In den Entschädigungen gemäss Tabelle sind nicht inbegriffen:

- Betriebszulagen von Fr. 67.–,
- Effektiv ausgewiesene Betreuungskosten, jedoch höchstens Fr. 67.–.

Liegt das massgebende Einkommen zwischen zwei in der Tabelle enthaltenen Werten, so wird die dem nächst höheren Ansatz entsprechende Tagesentschädigung ausgerichtet.

Sont considérés comme un service normal:

- tout service accompli dans l'armée qui ne soit pas un service d'avancement, ni un service long accompli par des cadres qui ont déjà terminé leur instruction de base,
- un service de protection civile,
- les cours pour moniteurs de Jeunesse et Sport,
- les cours pour moniteurs de jeunes tireurs,
- un service civil.

Est considéré comme un service d'avancement tout service accompli dans l'armée qui vise à l'obtention d'un grade supérieur ou d'une nouvelle fonction.

Est considéré comme un service long toute prestation de service accompli d'une seule traite par des personnes qui veulent s'acquitter ainsi de la totalité de leur service. Pour les cadres en service long et qui ont terminé leur instruction de base, les montants de l'allocation sont donnés dans le tableau «Cadres en service long».

L'allocation revenant aux personnes sans enfant qui effectuent un service durant l'école de recrues et les périodes de service qui lui sont assimilées s'élève à 62 francs par jour. Compte comme période de maternité tout congé de maternité de 14 semaines durant lequel un droit à l'allocation existe.

Les allocations mentionnées dans la table ne comprennent pas:

- les allocations d'exploitation de 67 francs,
- les frais de garde dûment établis, mais au maximum jusqu'à concurrence de 67 francs.

Si le salaire déterminant se trouve entre deux taux du barème, c'est le taux le plus élevé qui sera pris en considération.
